Killing Floor (Jack Reacher)

A New York Times Bestselling Author -- Ex-military policeman Jack Reacher is a drifter. He's just passing through Margrave, Georgia, and in less than an hour, he's arrested for murder. Not much of a welcome. All Jack knows is that he didn't kill anybody. At least not here. Not lately. But he doesn't stand a chance of convincing anyone. Not in Margrave, Georgia. Not a chance in hell.

I'm not here to give you a synopsis of the killing floor you can read the description for that. I am here to tell you if you want a book that will sweep you away and pull you along like a fast moving current then look no further. This novel grabs you from the very first page, so make sure you buckle in because you're going to enjoy the ride.

Honestly you would think that Lee Child's had been publishing novels for the past decade, I just can't believe that this is his first novel. Wow! My favorite part was Child's descriptive quality, he really knows how to paint a picture with words the way another artist might us clay or oils. Lee Child's has truly created a character that is believable most of society does not wish to get involved but push comes to shove we all step up to the plate.

Review 4:

Had to start over with Jack Reacher novels. This is the first one. Now hooked again. Will have to keep going!

Review 5:

Great. Jack has some great features to his character. Think we'd all like to just take off somewhere and see were we end up. A free spirit. Loved it.
