What others say about this ebook:

**Review 1:**

Gave the four stars only because it should have been one whole book. Other than that I thought the story was good and I liked the fact that Lilly wasn't some push over in the beginning I thought great another one of those wimpy girl. But as the books go on you notice she is stubborn then in the end she furnishes like a bad chick. Good read now we need Wilds point of view...

**Review 2:**

Very good series. Only issue was that I think all three books should've been one single book instead..not three books

**Review 3:**

Quick easy read.Sweet story and hot story.A beautiful first love story minus the guns and gangs wars lol.Highly recommend just wish there was more to read now.

**Review 4:**

Was a little bummed at how quickly it was all over but they were so good I got through all three in one day :)

**Review 5:**
