## Seed Wars: Cases and Materials on Intellectual Property and Plant Genetic Resources

Seed Wars is a comprehensive overview of the current domestic and international legal controversies regarding intellectual property protections for plant genetic resources (PGRs) over the past three decades. This book examines these controversies on 3 fronts: (1) the rise of intellectual property protections for plant varieties and the enclosure of the genetic commons; (2) the subsequent move of the agro-chemical industry from manufacturing fertilizers, pesticides, and herbicides to manufacturing seeds in the context of industrial agriculture; and (3) the emergence of overlapping regimes of domestic and multilateral treaties such as the Trade-Related Aspects of Intellectual Property (TRIPS,
