Yes

Review 2:

This book is a must for anyone with an interest in Wyoming History. So much of the history of the Cowboy State relates to the places where it occurred. Candy Moulton has done her usual excellent job in creating a history that is informative and easy to read. So the next time you find yourself in Wyoming, take a copy of this wonderful book along on the journey. You will not be disappointed.

Review 3:

Organization not very user friendly for travel. I didn't find much of anything I looked up as I traveled thru towns and byways. I had used a roadside guide previously which went by mile markers and was really fun to use.

Review 4:

Used these for a road trip to CO/WY and it was a great thing, really gave the kids a sense of the history, fun stories, great book.

Review 5:

Since I grew up and lived in Wyoming this book was very interesting for me to read . This is another book that found an area in my library to reside. I was very pleased to be able to read this book.
