What others say about this ebook:

Review 1:

When I first read this, it sounds so good. A friend of mine read and adjusted her dogs' diet to high protein.. after 2 or 3 months, she had their blood checked, result came out with elevated kidney values. Still within normal range but it's already at the highest normal which made her freak out.

What I don't like is the part where the author kept recommending her own product as supplement but when contacted for some inquiry, never returned mail.

Review 2:

Thanks. great buy

Review 3:

Started raw feeding a few weeks ago after reading this book, and I'm already seeing improved coat, teeth, and physical well being in my dogs. They also live the raw food diet;

Review 4:

Easy to understand, step by step guide to feeding a raw diet.

Review 5:

When I decided to change my Malteses to raw food diet I was really concerned about harming her. After reading Raw and Natural Nutrition for Dogs, my confidence in this book helped me make good decisions and my little dog is so much happier and healthier.
