What others say about this ebook:

Review 1:

Excellent map - clear annotations and convenient size.

Review 2:

Very strong, waterproof map. Good details and use of color (like all National Geographic maps.) Has several nice larger pictures, though I would prefer that the space be used for detailed inset of cities. Only Jakarta has detailed inset.

Review 3:

It is made from a thin plastic which makes it durable, rip resistant, won't fall apart in the rain and long lasting. It is easy to read and understand. I like it. It is much better than a paper map.
